**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 2084-5—Edn. 22-18-183, dated the 3rd September 1918, directing the addition of a new rule after clause III, Education Rules, that when a recognised institution ceases to exist or is transferred to a different locality or a different managing body, its recognition lapses and for the purpose of future recognition it shall be treated as a new school, and that the question of recognition of the S. L. N. National High School be considered *de novo* in view of the transfer of management of the school.

2. Read letter No. A. C. 3146, dated the 9th December 1918, received from the Inspector-General of Education recommending that as the National High School, Bangalore, has no funds of its own the application for recognition and grant-in-aid to the school may be sanctioned under the following conditions:—

- (a) that provisional recognition be awarded to the National High School;
- (b) that a grant of Rs. 50 per mensem be given from last July;
- (c) that the management be required to deposit a minimum of Rs. 30,000 as a fund for giving financial stability to the institution.
- (d) that the balance of Rs. 30,000 for a building be deposited in three years; and
- (e) in case the above conditions are not fulfilled recognition will cease on the specified dates and requesting that the policy regulating the recognition and grants to schools without adequate funds may be laid down by Government.

Order No. 6015-6—Edn. 22-18-7, dated 2nd January 1919.

Government agree with the Inspector-General of Education that as explained in Rule V. B. 1 of the Grant-in-aid Code, the grant-in-aid is not meant to make up the entire deficit due to excess of expenditure over fee income as the rule presupposes that such institutions possess definite resources of their own, and the grant is meant to supplement these resources in meeting deficit. Government cannot, therefore, encourage the starting of institutions with no funds as they impose an unjustifiable burden on the State revenues and consider it inexpedient to sanction any grants-in-aid to Anglo-Vernacular or High Schools without any resources of their own or a guarantee of continuity.

2. As regards the National High School, the Inspector-General of Education reports that it was originally started in connection with the Doddanna School by the Theosophical Trust who subsequently withdrew from the management and thereupon certain public spirited citizens have formed themselves into a Committee of Management.

3. By the transfer of management the original recognition must be considered to have lapsed. The Inspector-General of Education, therefore, recommends provisional recognition of the school under certain conditions. As the policy of Government has always been to encourage private enterprise in starting schools they have given their very sympathetic consideration to the case of the National High School.

4. The institution will be recognised provisionally for a period of one year. Within this period the managing body should take the necessary steps to acquire a legal status as such and furnish the necessary guarantees to the satisfaction of the department for the continued existence of the school. A grant of Rs. 70 per mensem will be sanctioned for the maintenance of the school for one year with effect from the 1st July 1918, as a special case. Government will also be prepared to consider favourably the sanction of an additional grant to meet the cost of furniture, apparatus, chemicals, etc., under Rule 6 of the Grant-in-aid Code. In regard to these the Inspector-General of Education may make fresh recommendations after obtaining proper indemnity from the management to refund the amount that may be granted in case the school ceases to exist after one year or fails to obtain a recognition. As regards guarantee for continued existence Government consider that in the case of the National High School it would be sufficient if the management bind themselves to deposit in the Mysore Bank a suitable sum at once say Rs. 15,000 or secure an endowment for the maintenance of the school for a similar sum and undertake to collect a building fund within a period of five years.

READ—

Letter No. 17193-632, dated the 22nd January 1918, from the Inspector-General of Education, submitting proposals for the rapid increase of educational buildings.

Order No. 6000-2—Edn. 176-17-5, dated 2nd January 1919.

With the rapid expansion of Education during the last five years, the requirements of the department in the matter of buildings have increased considerably. Even the programme sanctioned for the purpose in Government Order No. 4715-18—Edn 72-14-16, dated the 7th May 1915, has not been fully worked out. The Inspector-General of Education urges that it is necessary not only to work out the arrears in the programme of the last three years, but also to adopt special measures to accelerate actively in the construction of buildings by increased grants in the next three years. To find the necessary additional funds, he proposes that debentures may be raised or the profits of the important productive works earmarked for the purpose.

2. The present allotment for the construction of educational buildings is as follows:—

	Rs.
Vernacular school buildings	20,000
Grants-in-aid building grants	30,000
Grants for primary school buildings	1,00,000
Provision in the Public Works Department Budget for school buildings	2,00,000

3. After a careful consideration of the subject and with a view to provide adequately for the needs of the Education Department in regard to buildings, Government are pleased to lay down the following instructions for guidance:—

- (1) The designs for the buildings should be revised to make them simple and less expensive.
- (2) A sum of Rs. 1,50,000 for primary schools and Rs. 2,00,000 for secondary schools will be allotted every year for the construction of buildings. These should be supplemented by private contributions on the grant-in-aid basis, as far as possible.
- (3) Private capitalists may be encouraged to construct buildings on a guarantee of rent for a term of years.
- (4) If these measures are insufficient, the capital cost may be raised on debentures.

4. The Inspector-General of Education is requested to prepare at once a comprehensive programme of the construction of new buildings and the improvement of the existing ones, on the basis of the above principles, the expenditure being spread over a period of three to five years. The Inspector-General of Education is also requested to provide in his scheme a system of annual repairs of all school buildings constructed by Government which is now neglected. The cost should be carefully ascertained and a correct up-to-date list prepared for execution by departmental agency if possible. The Inspector-General is requested to submit definite proposals in consultation with the Chief Engineer for any temporary establishment required to revise the existing type designs or other work connected with the scheme.

**PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.**

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. 3038-9—Edn. 156-18-15, dated the 2nd October 1918, sanctioning the programme of buildings to be undertaken for the Panchama and Girls' Schools during the year 1918-19 submitted by the Inspector-General of Education with his letter No. A. C. 1538, dated the 10th September 1918.

2. Letter No. A. C. 1538, dated the 27th September 1918, from the Inspector-General of Education proposing a scheme for the introduction of Elementary Training in Weaving in all Panchama Schools, and requesting sanction to its introduction in a dozen schools in the first instance.

Order No. 6350-1—Edn. 150-18-32, dated 11th January 1919.

For the introduction of elementary classes in Weaving in the Panchama Schools, the Inspector-General proposes revision of the type of buildings to provide suitable extensions for the holding of the Weaving classes, the cost of the buildings with extensions not exceeding Rs. 1,000.

2. For equipment the Inspector-General proposes a grant of Rs. 100 for looms and accessories and Rs. 50 for yarn. He also proposes a work deposit of Rs. 50 per school to be dealt with as a permanent advance and recouped by the sale of woven goods.

3. The scale of additional recurring charges for the Weaving classes proposed are as follows:—

Rs. 15 per mensem for Weaving Teacher.

Rs. 2 contingency.

4. Government are pleased to sanction the above proposals for the introduction of Weaving classes in a dozen Panchama Schools, the expenditure for the current year being met by reappropriation of sanctioned grants in the Education budget. The schools selected should be either in Weaving Centres or have an attendance of not less than 50 Panchama students.

The appointment of teachers will be considered temporary till the end of the current year.

The proposal of the Inspector-General of Education to utilise the sale proceeds of the manufactured articles instead of crediting them to the Treasury is also approved: The outturn will be considered as belonging to the school and not to Government.

The Inspector-General is requested to submit a special report at the end of the current year on the working of the Weaving Classes with proposals, if necessary, for extending the Scheme.

Letter No. 8110, dated 3rd May 1918, from the Registrar, Mysore University, forwarding for orders of Government a recommendation of the Senate, that University Education in the Arts Course be made free.

Order No. 6093-4—Edn. 242-17-2, dated 4th January 1919.

Government have carefully considered the proposals, and are of opinion that the scheme of scholarships and free studentships in the University is sufficiently liberal, and affords sufficient facilities at the present stage for the majority of the poor and really capable and deserving students to get the benefit of University education, and that the question of affording further facilities in the Arts Courses may be held over for future consideration.

Having regard however to the need for some special encouragement for higher technical and scientific training, Government are pleased to direct that the number of free studentships may be increased to 50 per cent inclusive of free studentships attached to scholarships in the 'College of Engineering for a period of three years, and that for the same period B. Sc. students in Chemistry and Physics may also be treated as free students. The above concessions will apply only to subjects of the State.

The Registrar, Mysore University, is requested to state in the annual reports of the University how far the above concessions have tended to attract students towards the study of these subjects.

Government Order No. 7810-11—Edn. 48-16-16, dated the 26th March 1917, calling for definite proposals for the amalgamation of different establishments under the control of the Education Department in the interests of economy.

2. Correspondence ending with letter No. 28432—1014, dated the 29th May 1918, from the Inspector-General of Education giving an account of receipts and expenditure in connection with the examinations managed by the Education Department, and submitting proposals for the amalgamation of the offices for the said examinations involving an extra recurring cost of Rs. 234½ per mensem.

Order No. 6660-1—Edn. 46-17-16, dated 20th January 1919.

The Inspector-General of Education submits the following proposals in connection with the combined office:—

(a) Establishment for the combined office on the following scale:—

1. Manager of Local Examinations and <i>Ex-officio</i> Secretary to the Examination Boards	Rs.	150—10—200 per mensem.
2. Assistant Superintendent	75—10—125	"
3. One Clerk	60	"

7. Do	25	"
8. Do	20	"
9. One Mutchi	15	"
10. One night watchman	6	"

11. The employment, in connection with the combined office, of the four peons borne on the establishment of both the offices, the Local Examination Office and the Secondary School-Leaving Certificate Branch on a pay of Rs. 10, 9, 8, 7 respectively.

(b) Lump sum of Rs. 600 per annum for temporary establishment.

(c) Increase of the contingent allowance of the office from Rs. 10 to Rs. 20.

2. The Inspector-General of Education also recommends:—

(1) that the Manager of the Local Examination Office may be made the Head of the combined office and styled as Manager of the Local Examinations and *Ex-officio* Secretary to the Examination Board,

(2) that the accounts of the office receipts and expenditure under all items may be kept under a separate head called "the Government Examinations" in the State Fund budget,

and (3) that the combined office may be located in some place near the office of the Inspector-General of Education.

3. The proposals of the Inspector-General of Education are sanctioned with the following modifications:—

(i) The appointment of an Assistant Superintendent is unnecessary.

(ii) The pay of the Manager is fixed at Rs. 125—10—175.

4. The extra cost, *viz.*, Rs. 1,164 per annum involved in the State Budget is sanctioned as it will be more than counter-balanced by increase in receipts due to the transfer of transactions relating to the Local Examinations from the Village School Fund budget to the State budget.

Correspondence ending with letter No. 2831, dated the 5th October 1918, from the Registrar, Mysore University, requesting sanction to the scheme of Physical Culture recommended by the Senate.

Order No. 6404-6—Edn. 142-17-8, dated 11th January 1919.

With a view to encourage systematic physical exercise among the students in the University and to afford opportunities to them to seek Medical advice whenever necessary, the Senate have recommended a scheme of Voluntary Medical Inspection and Voluntary Physical Instruction of the University students. The scheme contemplates Physical Instruction in four Departments, viz.—

1. Gymnasium,
2. Athletics,
3. University Training Corps, and
4. Care of Health.

Under the supervision of the two Directors of Physical Culture to be appointed for the Bangalore and Mysore Centres respectively.

2. The proposals also relate to (1) the construction of a Gymnasium at each of the two centres, (2) provision of a swimming bath at Mysore and rowing boats required therefor, (3) formation of University Training Corps at Mysore and Bangalore for the students and College staff, (4) institution of lectures on Hygiene and Sanitation, (5) the appointment of a Physical Culture Committee for each University Centre composed of a few members of the College staff and other gentlemen interested in athletics.

The recurring charges of the scheme as regards establishment, equipment, etc., as finally approved by the University Council amount to Rs. 9,800 per annum as detailed in the appended statement.

3. Government are pleased to approve generally of the proposals as finally recommended by the University Council. The cost will be met from the provision of Rs. 3,600 made in the current year's Budget of the University under "Scheme of Physical culture" and the balance from the lump sum allotment of Rs. 20,000 under "Miscellaneous unforeseen charges" in the Budget.

4. Detailed estimates and plans for the Gymnasium at the two Centres should be submitted for sanction in due course.

Training School for Mining Artisans.

No. 6201-7—Edn. 146-16-8, DATED 8TH JANUARY 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Paragraph 17 of Government Order No. 8445-93—G. M. 292-14-1, dated 9th February 1918, regarding the starting of a Mining School on the Kolar Gold Fields for training artisans and foremen for mining work.

2. Letter No. 1576, dated 28th January 1916, from the Director of Mines and Geology, forwarding a note on the proposal to establish a Training School for mining artisans, etc.

3. Correspondence ending with letter No. 1285, dated 10th August 1918, from the Registrar, Mysore University, submitting proposals for instituting a course of studies in mining and metallurgy in connection with the University College of Engineering.

Order No. 6201-7—Edn. 146-16-8, dated 8th January 1919.

Government have carefully considered the several proposals and are of opinion that the most urgent need at present is a sufficient number of Mining Artisans and Foremen for employment in the mineral industries in the State, and that the question of opening a course in Mining and Metallurgy in the University College of Engineering may be deferred till the development of mineral industries in the State creates a sufficient demand for the services of men with University training and qualification. As regards men required for the higher grade of mining work, Government consider that the facilities for training in other parts of India and in foreign countries should be availed of for the present and that local men with suitable qualifications sent there for training. They are accordingly pleased to direct that (i) steps should be taken to select three men for being sent to foreign countries for training, the candidates selected being required to undergo preliminary training in India for a year and sent abroad thereafter if found suitable, (ii) for training men with lower qualifications and upper

subordinates, three men may be sent to Sibpur or any other Indian centre of training for a year with a stipend of Rs. 50 per mensem each, and (iii) for training up men of the ordinary artisans a small school be started at Benkipur as early as possible at a cost not exceeding Rs. 6,000 per annum.

Charge to be debited to Iron Scheme.

Regarding the award of foreign scholarships (item 1 above), the Director of Mines and Geology is requested to send proposals to the Foreign Scholarship Committee constituted in Government Order No. 4437-46—Edn. 16-17-105, dated the 26th November 1918.

As regards the training of candidates in India (items 2 above) the marginally noted officers will constitute themselves into a Committee with the Inspector-General of Education as convenor and submit their recommendations to Government regarding the candidates to whom the stipends may be awarded and the place or places of training selected.

Government Order No. 9225-7—Edn. 112-17, dated the 14th March 1918, calling for the proposals of the Senate in regard to placing the scheme of freestudentships in the University on a permanent basis.

2. Letter No. 8028, dated the 1st May 1918, from the Registrar, Mysore University, submitting for sanction the following scheme of freestudentships in the University approved by the Senate at their meeting held on 5th April 1918 :—

(i) Freestudentships may be awarded not exceeding in number 15 per cent of the total number of students in each of the Arts College exclusive of freestudentships attached to scholarships.

(ii) If the total number of freestudentships in a College exclusive of the freestudentships attached to scholarships is less than 33 per cent of the total strength, the Principal shall have power to raise the number of total freestudentships to 33 per cent.

N B—For purposes of calculation two half-freestudentships will count as one freestudentship

(iii) Mahomedan, Pallegar and other backward community students who are entitled to pay only half the usual rates of fees will not be considered as half-freestudents for purposes of the above calculation.

Order No. 6604-5—Edn. 112-17-7, dated 18th January 1919.

Government deem it sufficient for the present to raise the percentage of freestudentships that may be awarded in the Arts College from 33 to 40 other conditions remaining the same. The ordinance relating to freestudentships will be amended as follows :—

“Provision shall be made for awarding freestudentships to a maximum of 40 per cent of the number of students in each class. They shall be awarded by a Committee of the Principal and the Professors of each College who shall take primarily for consideration the poverty of the applicants.”

2. Government are further pleased to direct that backward class scholarships should carry freestudentships with them in the current and future years.

Correspondence ending with letter No. 2924, dated the 10th October 1918, from the Registrar, Mysore University, regarding the place of 'teaching' in the courses of studies of the Mysore University.

Order No. 6407-9—Edn. 18-17-87, dated 11th January 1919.

The University Council are of opinion that "Teaching" should be a Special post-graduate course of study and that it should not be introduced as an optional subject for B.A. Course. The Inspector-General of Education however considers that it should not be a purely post-graduate course but that it should be made an optional subject in the B.A. Course, provision being at the same time made for post-graduate course in this subject open to all graduates (whether graduates of training or not) analogous to the M.A. Courses in other subjects.

2. On a careful consideration of the above proposals, Government are in favor of instituting a post-graduate course of one year for a degree in 'Teaching' as well as a concurrent graduate three years' course with 'Teaching' as one of the optional groups qualifying for the degree of B.A. They consider in this connection that the High School at Mysore may be used as a practising school by the University students and that the present Training College may be reorganised as Normal School for the Training of Secondary teachers.

3. The Registrar, Mysore University and the Inspector-General of Education are requested to send up for orders of Government at an early date detailed proposals as regards the steps to be taken to give effect to the views of Government set forth above.

READ—

Letter, dated January 1918, from Mr. C. Srinivasa Rao, Coffee Planter, Chikmagalur requesting that he may be allowed to repay the balance of debt due by him to Government in four annual instalments free of interest for reasons stated therein.

2. Letter No. H. O. C. 1015-16-17, dated 8th—10th March 1918, from the Deputy Commissioner, Kadur District recommending under the circumstances stated, that Government may be pleased to view Mr. C. Srinivasa Rao's case favourably and to direct that all payments made by him may be credited towards principal and he be allowed to pay up the balance of the debt without interest in six annual instalments commencing from 1917-18.

3. Correspondence ending with letter No. H. O. C. 1015-16-17, dated 10th—12th July 1918, from the Officiating Deputy Commissioner, Kadur District forwarding a statement showing the details of the debts due from several members of the late Agricultural Banks of Chikmagalur, Aradikoppa, and Sakrepatna.

Order No. 7017-9—I. & C. 225-17-11. dated 29th January 1919.

Government are pleased under the circumstances recommended by the Deputy Commissioner, Kadur District, to direct that all the debtors referred to above who pay up the whole amount due by them in one instalment within a period of five years from the date of this order be excused the payment of interest for seven years immediately preceding the date of such repayment, any interest paid during that period being adjusted against the principal in calculating the amount due. This concession may be given wide publicity among the individuals concerned and the names of debtors who are willing to avail themselves of the concession, the probable time within which repayment is likely to be made and the aggregate amount of the total debt that may be so recovered may be reported to Government.

READ—

Report on the working of the Co-operative Societies Regulation in Mysore during the year 1917-18, received with letter No. 3444, dated the 6th November 1918, from the Officiating Registrar of Co-operative Societies in Mysore.

Order No. 6231-80—E. C. 41-18-6, dated 8th January 1919.

Recorded.

2. The general progress of the Co-operative movement continues to be satisfactory though the number of new societies started during the year was less than in the previous years. From the statement given by the Registrar in paragraph 16 of the report showing a classified list of Societies according to their working capital and total transactions, it will be seen that there has been a steady increase under all the classes of societies, the largest rise being in the number of societies with a capital below Rs. 500. Out of 1097 societies existing at the end of the year, 140 were new ones. Of these, 593 or 61% were classified as good as against 401 in the previous year. During the year under review the membership increased by about 9,000 and the working capital and total transactions by nearly Rs. 7½ and 8½ lakhs respectively. There was also increase of nearly Rs. 64,000 in total profits, while the total reserve fund was augmented by about one lakh of rupees. The Officiating Registrar reports that the fall in the number of new societies is due to the fact that greater attention was paid to the consolidation of the working of the existing societies during the year.

3. Among the prominent features of the year's administration may be mentioned the following:—

- (a) The amendment of the Co-operative Societies Regulation of 1905. The rules under the new Regulation are under preparation.
- (b) The re-organisation of the department by strengthening both the superior staff and the subordinate establishment. Three new posts of additional Assistant Registrars were sanctioned so that by diminishing the territorial jurisdiction of each officer the duties of inspection and extension of co-operation may be discharged more efficiently. Two of these have been filled up. The remaining appointment is intended specially for the development of industrial and agricultural co-operation and will be filled up when this branch of co-operative work has sufficiently expanded. The pay and prospects of the inspectorate and the clerical establishment were also improved.
- (c) The passing of a new rule under the Regulation limiting the loans admissible to Committee Members of Co-operative Societies to not more than 25 per cent of the total loans outstanding against all members.
- (d) Development of co-operation in the Malnad areas where the number of societies has been increased from 143 to 173. The bulk of these is of the credit type but attempts are also being made to start co-operative stores.
- (e) *Special encouragement of co-operation among the Depressed Classes.*—The number of Societies for these classes has increased from 7 to 16 during the year, while several of the existing societies have also admitted persons belonging to the Depressed Classes into their membership.
- (f) *Expansion of industrial and agricultural co-operation.*—The measures necessary for effective co-ordination of the efforts made by the Departments of Agriculture, Industries and Commerce, Co-operation and Economic Conference, in further stimulating this form of co-operation and arranging for the better working of the existing institutions are under consideration.
- (g) Arrangements for investigation on a larger scale into the economic condition of the members of Co-operative Societies.

No. 6231-80—E. C. 41-18-6, DATED 8TH JANUARY 1919.

4. The following statement shows the transactions of the Societies under loans during the year:—

District	Number of cases in which loans were issued	Amount of loan issued	Repayments during the year	Loans outstanding against the members at the close of the year
1	2	3	4	5
		Rs.	Rs.	Rs.
Bangalore ...	19,994	19,28,000	15,71,000	26,30,000
Kolar ...	29,875	8,51,000	7,80,000	5,47,000
Tumkur ...	Figures not furnished	7,81,000	7,13,000	9,98,000
Mysore ...		14,63,000	11,69,000	7,90,000
Hassan ...		2,57,000	2,38,000	3,70,000
Shimoga ...		3,21,000	2,59,000	3,36,000
Kadur ...				
Chitaldrug ...				

The figures in the report are incomplete but even these are sufficient to indicate that the outstandings are heavy in all the districts and that there is need for the adoption of special measures for recovering the arrears and enforcing punctuality in repayment. It is also not clear from the report what proportion of the increase in the total profits may be attributed to prompter recoveries of loans due by members and how much to the increase in total transactions. The Registrar of Co-operative Societies is requested to submit a special report on these outstandings and the measures recommended by him to reduce them.

5. Out of the total amount of Rs. 38,08,000 advanced as loans, Rs. 63·2 % was for productive purposes, loans for discharging prior debts amounted Rs. 19,08,000 as against Rs. 16,01,000 in the previous year. The percentage of loans granted for miscellaneous purposes, some of which are of an unproductive character, decreased from 7 in the previous year to 4·9 in the year under review.

6. The registration of 18 societies was cancelled during the year, the reason assigned in most of the cases being the indifference of the people and unwillingness on their part to start work. This indicates the necessity for bestowing much care in selecting localities for the formation of new societies and the subordinate officers of the Department should be instructed not to encourage the starting of new societies in future without careful enquiry into their prospects of stability.

7. It is satisfactory to note that despite the adverse conditions of the money market that continued to prevail during the year, there was an increase of 18% in the amount of deposits attracted by the societies. The total amount of deposits outstanding at the end of the year was thus Rs. 20,63,000. The primary rural societies have as a rule not yet succeeded in attracting deposits except on a very limited scale and are mostly dependent on outside borrowings. The increase of deposits and the reduction of outside borrowing should be kept specially in view in future both by the staff of the Department, the office bearers of societies and others interested in the co-operative movement, and systematic efforts made to inculcate habits of thrift and saving among the rural classes through the medium of co-operative societies by more vigorous propaganda.

8. The Registrar estimates that the cheaper credit offered by the Co-operative Societies has resulted in a saving of Rs. 5,20,000 in the shape of interest to the members of societies during the year. The elaborate investigation into the economic condition of the members of 180 societies conducted during the year has revealed that while the indebtedness of the members has more or less continued to be stationary their total assets have increased by about Rs. 16 lakhs. The members are stated to have been enabled to pay up nearly half of Rs. 20 lakhs they owed to private money lenders. Though the investigation cannot be said to be of an exhaustive character it has yet shown that the co-operative movement has considerably improved the economic condition of the members during the past ten years. In this connection Government regret

No. 6231-80—E. C. 41-18-6, DATED 8TH JANUARY 1919.

to observe that the Malnad Improvement Committee have not yet been able to publish the results of the enquiry into the agricultural indebtedness of the Malnad population conducted in two select hoblis of the Sagar Taluk last year. The Registrar is requested to take action at once in consultation with the Malnad Committee to publish the results before the end of March next.

9. The work of the Central Financing Institutions continued to expand during the year. The question of amalgamating the Bangalore Central and the Mysore Provincial Co-operative Banks and bringing into existence an apex Bank for the whole State is still under consideration. Government agree with the Registrar in his view about the limited scope of work possible for the Federal Banking Unions but as suggested by them in their last year's review it should be possible to convert these Unions into District Banks and in this manner make them more effective financing and supervising bodies and await his further recommendations in this respect.

10. The number of non-agricultural societies increased by 8 during the year the total number at the end being 152. Of these 108 were purely credit institutions. The Stores Societies have done very useful work during the year in urban areas chiefly in meeting the difficulties due to high prices and deficient supply of food stuffs and piece-goods. There were 43 special types of productive societies, agricultural and industrial. The work of the Weavers' Societies shows improvement the value of raw materials purchased and goods manufactured and sold during the year being Rs. 2,90,000 and Rs. 3,06,000, respectively, as against Rs. 1,47,000 and Rs. 1,36,000 in the year previous. The Government consider that the scope for improving the economic condition of the weaver class is still vast. They have recently sanctioned a special loan of Rs. 50,000 for the Weavers' Co-operative Society in Bangalore to enable the weavers in the Bangalore City to tide over the present difficulties when the market for woven goods has lost its equilibrium. On the successful working of the scheme in the Bangalore City will largely depend the course of action which may in future be adopted in helping the weavers in other parts of the State. The gudigars' society and the Ivory inlay workers' society are two new departures in societies for productive purposes and their future development will be watched with interest. Only one lift Irrigation Society at Yelladabagi is working, while the other at Kannaikana-halli has confined itself to credit operations owing to the difficulty of obtaining the requisite machinery. The jaggery manufacturing and rice hulling societies are reported to be still in the experimental stage, while in a few cases societies newly formed with these objects have not been able to start work for want of machinery. Some of these societies have been in existence for nearly five years. They should no longer be treated as mere experiments and with the combined efforts of the officers of the Co-operative and Industries and Commerce Departments, they should be placed at once in effective working order so that they may play a real part in stimulating agricultural and industrial development in rural areas.

11. There has been a noticeable tendency towards an increase in the number of suits filed in recent years. This is not satisfactory from the co-operative standpoint as recourse to such measures should be very rare. The Managing Committees of societies should be made clearly to understand that the efficiency of a society is in direct proportion to the ease with which obligations are met and that special care should be exercised to see that the amounts given to each individual do not exceed the limits of his credit. The number of suits pending disposal for more than six months and on year is large being 140 and 112 respectively. The Registrar's recommendations to remedy this state of affairs are under consideration. The Registrar should take early action in communication with the Deputy Commissioners of Districts regarding the large number of decrees pending execution.

12. The audit work of the societies was as usual mostly done by official agency. The central financing institutions, viz., the two Central Banks at Bangalore and several of the Unions were able to audit the accounts of 213 societies affiliated to them. Separate orders have been passed on the recommendation of the Registrar about deputing some of the Senior Co-operative Inspectors solely for audit work.

13. The annual Provincial Co-operative Conference was held in Mysore during the Dasara Season, 1917, and 8 District and 70 Taluk Conferences were held in con-

No. 6231-80—E. C. 41-18-6, DATED 8TH JANUARY 1919.

nection with the District and Taluk Conferences. An examination in Co-operative subjects was instituted in connection with the Local Service Examinations.

14. Government regret to observe that the bulletin on co-operation has ceased to be published. Though co-operation forms one of the important subjects dealt with in the Mysore Economic Journal and the Arthasadhaka Patrike, Government consider that a separate vernacular Journal exclusively devoted to popularise the movement is very desirable and they trust that the Registrar will, in consultation with the leading persons interested in the movement, take early action to revive the bulletin and to make it more popular and useful.

15. The number of days on which the Registrar (Mr. Chandy) and Officiating Registrar (Mr. R. Ranga Rao) were on tour during the year was only 111 which is scarcely satisfactory. The Officiating Registrar toured for only 21 days as Deputy Registrar, which is also unsatisfactory. The insufficient touring of this officer was commented upon in the last year's review by Government and it is hoped that there will be no room for complaint in future on this score. The number of societies inspected too, was very few being 74 and of these only 36 were rural societies. The movement requires constant supervision over subordinate staff and guidance and propagandist work—requiring frequent tours in rural parts and districts.

16. In conclusion, the Government desire to thank the large body of private individuals who have continued to work and help in promoting the cause of co-operation in the State. The Officiating Registrar (Mr. R. Ranga Rao) also deserves to be congratulated on the clear and concise report he has submitted, which shows that the working of the department during the year was fairly satisfactory. With the re-organisation and strengthening of the department now sanctioned and with the increased co-operation of the non-official public, Government look forward to a much wider expansion of the movement in the coming year, more especially in the field of agricultural and industrial co-operation, in regard to which the Officiating Registrar is requested to devote particular attention.

**Sri Mallinatha Swami Temple at
Maddagiri.**

MEMO No. 1760—Muz. 218-17-6, DATED 15TH JANUARY 1919.

BEFORE THE GOVERNMENT OF HIS HIGHNESS
THE MAHARAJA OF MYSORE.

Muzrai Appeal No. 19 of 1917-18.

APPELLANT.	Vs.	RESPONDENT.
M. V. Chikkanniah of Maddagiri.		Bandappa and other raiyats.

Subject.

Appeal against Order No. 149, dated 28th May 1918, of the Deputy Commissioner, Tumkur District, sanctioning the leasing out to the respondents for a period of five years at an annual rental of Rs. 100 of certain Batayi lands in Sarvamanya Venkatapura village endowed to Sri Mallinathaswami temple at Maddagiri.

Decision.

The case came off for hearing on the 4th December 1918. The appellant was present and was heard, while the respondents were absent though notices were returned after due service on them.

The lands in question are inam in favour of Sri Mallinathaswami temple at Maddagiri, and the object of the inam can be given effect to best if the lands are leased out on the terms most favourable to the temple. The appellant who is one of the Dharmadarsis of the temple and evidently an individual with some local influence, is anxious to retain for himself the control over these. He alleges that the lands or—at best portions of them—were improved at considerable expense by him and that as such he may be permitted to continue in their possession.

Government are of opinion that this arrangement is not calculated to be in the best interests of the temple. The order of the Deputy Commissioner is therefore upheld and the appeal fails.

Memo No. 1760—Muz. 218-17-6, dated 15th January 1919.

Copy to the Deputy Commissioner, Tumkur District, with the records received with his letter No. 108, dated 30th July 1918.

Government Proceedings No. 487-95—Muz. F. 141-92, dated 16th February 1893, requesting the Deputy Commissioners to direct the Amildars to examine at least once a year the jewels and other moveable properties of temples under Muzrai management and to submit a detailed report for their districts at the end of every official year.

Government Proceedings No. 4689-98, dated 25th April 1908, requesting the Deputy Commissioners to direct the jamabandi officers to inspect temple jewels periodically and to submit reports to Government

Order No. 1833-43—Muz. 535-09-16, dated 18th January 1919.

The subject of framing rules for the proper custody and the periodical inspection of jewels belonging to Muzrai temples, etc., in the State has been under consideration of Government since 1910 and a draft set of rules prepared in June 1912 was forwarded for criticism to the Revenue Commissioner, the Deputy Commissioners of Districts, the Muzrai Superintendent and the Comptroller to Government. By the time the opinions of these officers were received, a committee had been appointed to consider the question of the re-organization of the Muzrai Department and the matter was then referred to that committee for opinion. But as the committee had completed its sittings by the time, the matter was not dealt with by it.

2. The original draft rules have, however, been considerably revised since, advantage being taken of the present classification of institutions to define the agency responsible for the custody and the inspection of jewels.

3. The rules as finally revised are sanctioned and will be published in three consecutive issues of the *Mysore Gazette*. Necessary action in the matter should be taken without delay by all officers concerned.

ANNEXURE.

RULES FOR THE CUSTODY AND INSPECTION OF JEWELS BELONGING TO MUZRAI TEMPLES IN THE STATE.

Preparation of a register of jewels.—The existing jewels and other valuable articles belonging to the temples which are now classified as Major or Minor Institutions, shall be examined by Amildars or Deputy Amildars within six months from this date and a register prepared in the accompanying form in triplicate. One copy should be kept in the temple one in the Taluk Office and one in the District Office. Sufficient space must be provided in the lists for future additions. When examining the jewels, Amildars should also refer to the old Pattis, which should be very carefully preserved in the Taluk Office records. Discrepancies that may be observed should form the subject matter of special reports.

2. As regards Village Institutions, Shekdars in conjunction with the village patel or one or more members of the Village Panchayet, shall prepare similar lists within the same period, three copies being prepared in each case, one to be lodged in the temple, the second left with the village patels or members of the Village Panchayets where such exist and the third preserved in the Taluk Office.

3. For the preparation of the lists, the services of professional people, such as goldsmiths, etc., may be secured if such are available locally, or among the devotees, and ordinarily no payment for such services will be required. If, however, owing to the difficulty of the work, paid experts are required, sanction of the Deputy Commissioner shall be obtained to an expenditure from the funds of the institution not exceeding Rs. 30 in each case.

4. *Revision of lists.*—Once every five years, a periodical revision of the valuation shall be made and fresh list prepared by the agency mentioned above. The jewels shall also be examined to see if they require repairs or which of them have to be condemned as unserviceable. In either case a detailed report shall be submitted and orders obtained without delay.

5. Special care shall be taken in the custody of jewellery containing pearls or other substances liable to deterioration when kept unused and their periodical use and airing shall be attended to. In case they are not required for use in the temple, orders about their disposal shall be sought.

6. *Cloths.* Valuable cloths in use or presented to the temples shall also be periodically checked and such of them as are not required for use disposed of by sale or otherwise.

(*Note.*—Valuable cloths include any cloth whose estimated value is not less than Rs. 30.)

7. *Acceptance of jewels, etc.*—Amildars, Deputy Amildars, temple Peshkars and Dharmadarsis may accept presents of jewels, vessels and cloths made to and on behalf of temples, provided the aggregate value does not exceed Rs. 300 and provided also the jewels bear no caste marks or other features open to objection, but no stipulation for use shall be agreed to except with the sanction of the Deputy Commissioner.

8. Jewels or articles of higher value can only be accepted by the Deputy Commissioners. But in case the jewels or articles presented bear any objectionable caste marks or other features, orders of Government shall be obtained before acceptance. The description, value and other particulars of any jewel or other article accepted as a present shall at once be entered in the list kept in the temple and at once be intimated to the offices where copies of the lists are maintained to enable the necessary entries being made promptly therein.

9. In rules 4, 5 and 6 the authority competent to pass orders will be the Government in the case of Major Institutions and Deputy Commissioners in the case of others.

10. *Jewels retained by the Archak.*—Jewels required for daily or frequent use may, as heretofore, continue in the possession of the Archak, with whom other servants may also be associated if in accordance with local custom or usage.

11. Whenever the circumstances of a temple may render such a course desirable, adequate security shall be taken from these servants in such amounts as the Deputy Commissioner may consider proper. Though security may be taken from the servants who have actual custody of the jewels, it shall be understood that the corporate responsibility of the temple servants for the jewels continues unimpaired.

12. At the time of the preparation of the list the agency entrusted with the work shall, after due enquiry, indicate therein the jewels proposed to be left with the temple servants and those to be kept in the Treasury custody together with a note relating to the occasion and the period when the latter may be made over to the temple for use. No

variation from this entry in practice will be permitted except under the express sanction of the Amildar or higher officers of the Muzrai Department.

13. *Jewels to be kept in the custody of the Treasury.*—Jewels required for use only on special occasions may be kept in the temple premises in the case of those institutions which have special facilities for their custody, such as a strong room, iron safes, guards, etc. In all other cases the jewels of this class shall be deposited in the Taluk Treasury. In special cases where the institution is at a distance from the taluk headquarters and the jewels do not exceed in value Rs. 2,000, if one or more of the Dharmadarsis are willing to retain charge of them on their own individual responsibilities for loss, etc., such custody may be permitted, due regard being had to any objections that may be raised by the remaining Dharmadarsis or by the general body of devotees. The Deputy Commissioner may, for sufficient reason, order in any special case that the place of deposit shall be the District Treasury.

14. When depositing jewels in Taluk or District Treasuries, the temple authority shall first obtain the sanction of the Deputy Commissioner for the privilege being extended to the temple in question and then present the articles to the Treasury secured in a separate box or bag together with a list in duplicate in the form prescribed in Rule 1 omitting columns 6 to 8 and duly signed by such authority. The Officer in charge of the Treasury after carefully verifying the articles shall sign the lists and return one to the temple authority and keep the other in the Treasury together with the jewels. A separate box shall be provided for each individual institution when the value of the jewels in the ordinary custody of the Treasury exceeds Rs. 1,000. In all such cases after an inventory has been duly taken the box shall be locked and sealed by the Treasury Officer. The temple seal, where one exists, shall also be affixed thereto.

15. When the jewels thus deposited are required for use, either in whole or in part the temple authority shall present the duplicate list granted to them at the time of deposit together with a requisition for delivery. If the occasion is not one authorized in the Jewel Register special sanction to this effect from the Amildar or other higher Muzrai Officer shall be obtained. The Treasury Officer shall after satisfying himself that every thing is in order, hand over the jewels to the temple authority, care being taken to obtain proper acquittance from the person or persons taking delivery in the original list retained at the Treasury. A note of the delivery shall also be made by the Treasury Officer in the duplicate list left in the custody of the temple.

(*Note.*—In the case of large institutions the transactions may be entered in two bound books, one marked original to be kept in the Treasury and the other marked duplicate to be retained in the temple.)

16. In case a special box is brought by the temple servants for delivery of the jewels required unaccompanied by the temple authority, the Treasury Officer may also add his seal after the box is locked and sealed by the temple servants. The Peshkar or other person who opens the box at the temple premises shall see if the seals are in order. If they are not and there are discrepancies between the list and the contents of the box he shall at once notify the facts separately to the Treasury Officer and to the Amildar for necessary action being taken.

17. The responsibility of the temple authority ceases with the delivery of the jewel to the Treasury and will commence again when the jewels are made over to them or to their servants for being taken to the temple for use. The responsibility of demanding scrutiny of the contents of a box deposited in the Treasury before taking charge rests with the temple authority, who alone will be held responsible for losses that may come to light subsequently.

(*Note.*—The term 'temple authority' in Rules 13, 14, 15 and 17 shall mean the Dharmadarsis in the case of minor institutions and the Peshkars or Parpathegars or Vahivaddars placed in charge in the case of major institutions.)

18. *Inspection.*—With a view to a systematic and thorough inspection of the jewelry and other valuable articles belonging to Muzrai institutions by the various District and Taluk Officers, the following instructions are laid down for their guidance:—

(a) In the case of articles deposited in the Treasury, the Officers inspecting the Treasury shall examine at least once a year the articles in detail with reference to the Jewel Registers and deposit lists, a note being made in the inspection report of such examination. During such inspection the temple authorities or their servants shall ordinarily be sent for. If they do not come, the inspecting officer may break the seal of the temple authority and inspect the jewels the latter being asked to put his seal again as soon as his presence can be secured.

No. 1833-43—Muz. 535-09-16, DATED 18TH JANUARY 1919.

(b) As regards articles retained in the temple custody, a detailed examination will be conducted as detailed below:—

I. MAJOR INSTITUTIONS.

The Amildar Once every quarter.
The Sub-Division Officer .. Once every year.
The Deputy Commissioner .. Once every three years.

2. MINOR INSTITUTIONS.

The Amildar Once every year at the time of detailed inspection.
The Sub-Division Officer .. Once every three years.

3. VILLAGE INSTITUTIONS.

The Shekdar Once every year at the time of detailed inspection.
The Amildar Once every three years at the time of detailed inspection.

19. The Muzrai Superintendent shall also examine in detail the jewels of as many institutions as possible, special attention being given to the major and the more important minor institutions. In the case of the former such detailed examination will be made at not less frequent intervals than once in three years. To help him in making a thorough examination, he may, whenever necessary, engage the services of experts to test the quality and the valuation of the jewels. A report of such detailed examination will be sent to Government without delay in each case.

READ—

Letter No. 2622, dated 11th June 1918, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of income and expenditure in the Sri Narasimhaswami, Sri Varadarajaswami and Sri Ramadevaru temples at Maddur, Mandya Taluk, which have been clubbed together with an explanatory memorandum thereon

(Memo and Scale printed in extenso.)

Order No. 1720-22—Muz. 36-18-2, dated 9th January 1919.

Government consider the proposals of the Muzrai Superintendent in respect of the above institutions suitable and are accordingly pleased to sanction the same.

Separate orders will issue on the question of contribution towards the Muzrai Establishment Fund.

NOTE.

Revision of the scale of Sri Narasimhaswami, Varadarajaswami and Ramadevaru temples at Maddur, Mandya Taluk.

These three institutions may be combined, the first being primary and the rest subordinate. As it is, the Ramadevaru *vigrahas* are located in the temple premises, while the Varadarajaswami is located in an adjoining building. The total income from all sources of these temples is on a five-year average, about Rs. 1,230, as detailed in the statement appended. The existing scale is based on the cash grants to Sri Narasimhaswami and Varadarajaswami temples and the allowance from Government chattram at Maddur to Sri Ramadevaru temple and is confined mostly to establishment and Nityakatte charges. There are besides a large extent of inam lands which are now in private enjoyment and assessed lands endowed to the temple for certain Pudevatt *sevas*. The former is now under investigation, but as it will take time, their income will be omitted for purposes of fixing the present scale.

Establishment.

In the proposed scale the existing establishment of 17 hands is reduced to 12 and their pay suitably increased. The total expenditure under this head is Rs. 46-12-0 per month as against Rs. 32-12-0 of Sri Narasimhaswami *Sannidhi* and Rs. 5-4-0 of Sri Varadaraja and Sri Ramadevaru *Sannidhis* or Rs. 38, if all the three *Sannidhis* are taken into consideration.

Nityakatte.

There is no material change in the provision under this head. The provision for the three *Sannidhis* of Rs. 29 2-7 in the existing scale has been consolidated and raised to Rs. 32 per month.

Hetchukatte.

The Hetchukatte expenditure has been revised at a total cost of Rs. 175 and includes all Utsavas for which Pudevatt land endowments have been made.

Thus the total provision in the proposed scale is for an expenditure of Rs. 1,120 for all the three temples.

The balance at the credit of the temples is Rs. 1,863-5-0 uninvested Rs. 1,237-14-7 and invested Rs. 625-6-5 which is wholly necessary for temple purposes.

A contribution of 3¼ per cent may be levied for the Muzrai Establishment Fund.

No. 1720-22—Muz. 36-18-2, DATED 9TH JANUARY 1919.

Letter No. 1118, dated 19th November 1918, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for fixing a revised scale of expenditure in the Sri Prasanna Ramalingeswaraswami temple at Avani, Mulbagal Taluk, together with a Memorandum explaining the scope of the revision.

Order No. 1918-20—Muz. 302-18-2, dated 23rd January 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction thereto.

2. The question of levying contribution on the income of the institution towards the Muzrai Establishment Fund will be considered later and separate orders issued in the matter in due course.

3. A separate notification will be issued in the matter of the appointment of Dharmadarsis for the institution.

MEMORANDUM.

**REVISION OF THE SCALE OF SRI PRASANNA RAMALINGESWARASWAMI TEMPLE
AT AVANI, MULBAGAL TALUK.**

The income of the temple from all sources is Rs. 1,623-11-0 or roughly Rs. 1,624. Except for a small cash grant of Rs. 72-11-0 and income from lands to the extent of Rs. 292, the rest of the income is from jatra collections and realization of *Kanikes* and fees for services.

2. *Establishment*.—There is no material change in the provisions under this head except that a jhadmali on Rs. 2 a month and a Dhobi and Mashalchi on Rs. 2, are newly added in the scale proposed.

3. *Nityakatl*.—The provision under this head in the existing scale is inadequate in consideration of the size and importance of the temple. Extra provision costing an additional sum of Rs. 10 a month is made in the proposed scale.

4. *Hetchukatl*.—Under this head also no material change is proposed excepting slight increases under some of the items.

5. The total expenditure as per proposed scale is Rs. 1,093-11-0 as against Rs. 916-11-0 in the existing scale. A comparative statement showing the details is appended.

6. The surplus at the credit of the institution on 30th June 1917, was Rs. 3,696-15-7. As there are large repairs to be undertaken in connection with the temple and the Anmanavaru temple on the hill, no portion of the surplus can be made available for the General Muzrai Fund. But a percentage contribution of 6½% may be levied on the total income for purposes of the Muzrai Establishment Fund and this will still leave a recurring surplus of Rs. 428 per annum for temple purposes.

7. The names of the undermentioned gentlemen are suggested for appointment as Dharmadarsis.

Appeal No. Muz. 21 of 1918.

<i>Appellants.</i>	<i>Vs.</i>	<i>Respondent.</i>
1. Sirdar Putta Basavaraj Urs. 2. Lingiah, Madiah and other raiyats. (thro' Mr. M. C. Rangaiengar, Advocate).		Basappa Devaru of Gachi Matt. (Thro' Mr. B. S. Krishna- swami Iyengar, Advocate.)

SUBJECT.

Appeal against order No. 60, dated 16th September 1914, of the Deputy Commissioner, Mysore District, directing the resumption of certain inam lands in Hadinaru village, Nanjangud Taluk, endowed to the Gachi Matt at Mysore and their restoration to the Matt.

Decision.

This appeal which was heard before Government on 1st June 1916 was remanded at the request of the parties to the Deputy Commissioner for taking such additional evidence as may be offered by them and on receipt of further report with records, the case was finally heard on 4th December 1918.

The principal appellant and the respondent were present and also represented by Counsel.

After hearing the arguments put forward and perusing the documents on which the parties base their respective cases, Government considered that the lands granted under the sannad of 1827 were occupied lands, that the grantee, that is, Manager of the Matt *pro tem* exercised his right only to the collection of the revenue due to him that through there were differences at times between the land-lord and the tenants and the management changed hands on certain occasions, yet the appellants and their predecessors in title continued as tenants, that though the nature of the payment of revenue varied from time to time, yet there was no actual change of tenancy at the instance, or under the authority of the land-lord and that the appellants and their predecessors in title have been in uninterrupted enjoyment of the lands from the time of the grant in 1827. It is strange, as well as significant, that there should have been no transactions of any importance for the period from 1866 to 1907, in which latter year the present suit was instituted by the respondent though he had been Manager for nearly nine years by that time. The respondent threw doubts on the genuineness of certain exhibits produced by the appellants, but the documents are not such as would in any way vitiate the case. In these circumstances, Government are of opinion that the respondent, though the inamdar, as Manager *pro tem* of the Matt, has yet not exercised the full right of ownership at any time, that the appellants are Kadim tenants by virtue of their uninterrupted enjoyment for nearly seventy years now and that the respondent as such is only entitled to the revenue derivable from the lands in question and has no power to eject the appellants at will.

The appeal is accordingly allowed.

READ—

Letter No. 2622, dated 11th June 1918, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of expenditure in the Sri Apprameyaswami temple at Mallur, Channapatna Taluk, together with an explanatory memorandum thereon.

(Memo and scale printed as accompaniments in extenso)

Order No. 1914-16—Muz. 44-18-2, dated 22nd January 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying contribution on the income of the institution towards the Muzrai Establishment Fund will be considered later on and separate orders issued in the matter in due course.

MEMORANDUM.

Revision of the scale of Sri Apprameyaswami temple at Mallur, Channapatna Taluk.

The institution has an income from all sources on a five years' average of about Rs. 1,425 out of which Rs. 434-8-0 is cash grant, Rs. 400 interest on investment and the rest collections from Dabbi, shop tax, etc. Most of the Inam lands are in the enjoyment of temple servants.

ESTABLISHMENT.

2. The existing scale is confined to the cash grant the number of servants large and their emoluments pitched too low. As far as possible an attempt has been made at rectification in the proposed scale. The total expenditure under establishment now proposed is Rs. 293-11-0 a year as against Rs. 139-4-0 in the existing scale.

NITYAKATLE.

3. The provision of the existing scale is revised in view of the present market prices of articles, entailing on the proposed scale an annual increase of Rs. 92 bringing the total under this head to Rs. 300.

HETCHUKATLE.

4. To the jatra expenditure provided for in the existing scale is added provision for *Utsavas* which were being celebrated from out of the income of the Vijayanti Pūduvat lands which have since been sold and the proceeds invested.

5. There was a surplus at the credit of the institution on 30th June 1917 of Rs. 13,165-2-10 (Rs. 3,165-2-10 uninvested and Rs. 10,000 invested). Out of this, the sum of Rs. 10,000 represents the value of Vijayanti garden endowed to the temple by a private person for certain services and it is not therefore available for incorporation in the General Muzrai Fund. The balance may well be left for temple purposes.

6. A contribution of 3½ per cent may be levied for purposes of the Muzrai Establishment Fund.

No. 1914-16—Muz. 44-18-2, DATED 22ND JANUARY 1919.

Government Proceedings No. 3758-66—Muz. F. 64-03, dated 31st May 1904, directing in connection with the Pujari Hak in the temple of Sri Venkataramanaswami at Talakayalukonda, Sidlaghatta Taluk, that a Satani wearing Janivara was not entitled to officiate as a Pujari in the temple.

2. Letter No. 129, dated 19th December 1915, from the Deputy Commissioner, Kolar District, reporting that there are several institutions in the district in which worship is being conducted by Satanis wearing Janivara, and soliciting explicit orders as to whether the Government Order of 31st May 1904, directing the exclusion of Satani Pujaris wearing Janivara should be held to be strictly applicable in all such cases.

3. Petition dated 16th February 1917, from Ramachar and certain other Satani Archaks praying that they may be allowed to conduct worship in temples wearing Janivara, which was according to their caste usages.

Order No. 1927-34—Muz. 360-15-2, dated 23rd January 1919.

Since passing the order read above, the Deputy Commissioner of Kolar reports that the practice of wearing Janivara has become more or less general in the caste and that a large number of such Archaks wearing Janivara are actually conducting Puja in many of the Muzrai temples.

2. In these circumstances the whole subject has been re-examined by the Muzrai Superintendent who is of opinion that the wearing of Janivara does not in itself constitute a breach of caste rules, that there is no express Shastric prohibition against wearing such threads though they may not be consecrated Yagnopavitanis according to Vedic ritual and that as the practice of wearing such Janivara is not uncommon in communities other than Brahmans, the prohibitive rules may be relaxed.

3. On a careful consideration of the question, Government are of opinion that though the wearing of Janivara by a Satani Archak cannot by itself be deemed to render him unfit to conduct worship in a temple, yet it is not expedient to lay down any general rule in the matter and every case should be decided on its own merits.

Letter No. 2622, dated 11th June 1918, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of expenditure in the Sri Gunja Narasimhaswami temple at T.-Narsipur together with an explanatory memorandum thereon.

(Memo and scale printed in extenso as accompaniments.)

Order No. 1817-19—Muz. 42-18-2, dated 18th January 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

The question of levying contribution on the income of the institution towards the Muzrai Establishment Fund will be considered later on and separate orders issued in the matter in due course.

MEMORANDUM.

Revision of the scale of Sri Gunja Narasimhaswami temple at T.-Narsipur.

The temple is an ancient and important institution situated on the southern bank of the river Kapini at its junction with the Kaveri.

2. The institution has a cash grant of Rs. 958-4-0 per annum, together with a small income of about Rs. 38 from other sources such as vrittis, kanikes, etc. It has also an income of Rs. 36 contributed from the Varuna Chattram and Rs. 250 interest realised from an endowment of Rs. 5,000 made to the temple for Desantrikatte in Tula month. Taking the cost of Desantrikatte as a contribution to the temple income, the total income of the temple comes to about Rs. 1,120-4-0.

3. The existing scale of expenditure utilizes the entire cash grant, but provides only a nominal remuneration owing to the large number included in the staff. As is usual with such temples, only a few have clung to the service, the rest having gone out to search for more lucrative appointments. In the proposed revision, provision has been made for all persons who are actually engaged in the temple service, with remuneration proportioned to the onerousness of the office.

ESTABLISHMENT.

4. The forty independent offices in the old scale have been reduced to a staff consisting of 16 hands, their pay being fixed at Rs. 35 per month as against Rs. 27-12-8 in the existing scale.

NITYAKATLE.

5. There is no material change under this head except some readjustments and a recognition given to the present practice of a Desantrikatte from out of the endowment made by Hundi Krisnamachar for feeding in Tula month.

HETCHUKATLE.]

6. The total provision in the existing scale is for Rs. 160-8-0. In the proposed scale an extra provision of about Rs. 8-8-0 is made.

7. The balance out of the interest on Pudukat after deducting Rs. 88 for Desantrikatte Nivedana is divided between the Tula month Santarpane and Rathotsava Santarpane.

8. The total expenditure as per proposed scale is thus Rs. 1,000 as against Rs. 958-4-0 of the existing scale, leaving a saving of Rs. 120 a year. A percentage contribution of $3\frac{1}{2}$ per cent towards the Muzrai Establishment Fund is leviable on the total income of the institution which comes to about Rs. 35 a year. Deducting the same there will still remain a sum of Rs. 85 a year available for sundry repairs and other urgent needs.

9. The surplus at the credit of the institution on 30th June 1917 was, Rs. 1839-7-1 (uninvested Rs. 1,464-0-8 and invested Rs. 375-6-5).

10. At present no regular tariff is being imposed on the Sevartas except that a nominal one is being levied on Archanas. A regular scale of levy for the temple on some of the popular sevas will be separately proposed.

No. '1741-43—Muz. '43-18-2, DATED 11TH JANUARY 1919.'

MEMORANDUM.

Revision of the scale of expenditure of Sri Gangadharesvaraswami temple at Sivaganga, Nelamangala Taluk, Bangalore District.

The temple of Sri Gangadharesvaraswami at Sivaganga has an average annual income of not less than Rs. 3,600 from all sources. From the statement of receipts appended it will be seen that besides the cash grant of Rs. 116-6-0, the temple has calculated on 4 years' average from 1911-12 to 1916-17, an annual income of not less than Rs. 1,725 from inam lands endowed to the temple, Rs. 360 from interest on investments, Rs. 1,300 from Jatra collections (excluding the realisations from scale of manure) and about Rs. 100 from Daršana kanikes, etc. After deducting 25 per cent of the income as reserve for repairs and general purposes, 75 per cent or Rs. 2,700 is available for annual expenditure of the temple.

2. In the proposed scale provision has been made for certain items of expenditure which were being incurred year after year over and above the sanctioned scale and also to meet the rise in the prices of articles required.

I. ESTABLISHMENT.

3. One archak is at present looking after the *pūja* work of both the Iswara and Ammanavarū Sannidhis though there is a provision for two. As it is difficult for one man to cope with the work, the presence of two persons always on the spot has to be insisted upon. Provision is made for an additional Paricharak on Rs. 5 per mensem who will help in bringing water from the Agasthya Thirtha for Abhisheka and other purposes as the Patalaganga water leaves much to be desired on hygienic grounds. The Kavalgar of Ammanavarū Sannidhi is now being paid Rs. 2 by the Honna Devi Gavi Matt and his pay will hereafter be met from the temple funds.

4. The pay of the musicians and some of the menial servants is too low. The pay of the Parpattegar is raised from Rs. 5 to Rs. 10 and the care of all the small temple dependent upon the main institution will be added to him. The total under this head is raised from Rs. 642 to Rs. 930 per annum.

II. NITYAKATLE.

5. Owing to the present high prices of articles the provision of Rs. 645 per annum under this head has been raised to Rs. 825 with some small re-adjustments of quantities.

III. HETCHUKATLE.

In spite of reduction in the Rathotsava Santarpane and limiting the allowance to be paid to Police, Revenue and other servants going for Jatra occasions, the provision of Rs. 389-8-0 under this head had to be raised to Rs. 575 owing to high prices of articles.

6. The sum of Rs. 20 a month now paid for the Paditara and Deeparadhana expenses of the Sri Sarada temple at Sivaganga from the funds of the Sri Kasi Visveswaraswami temple in Gosayi Ghat, Seringapatam, is proposed to be met from the funds of this temple and necessary provision therefor accordingly made in the scale now drawn up.

7. The total expenditure proposed under this revised scale is Rs. 2,780 per annum. Statements showing the details of income and expenditure are appended.

8. There is a surplus of Rs. 12,329-15-8 (Uninvested Rs. 3,323-15-8 and Invested Rs. 9,000) at the credit of the temple on 1st July 1918. Repairs to the buildings are being systematically taken in hand and much has been already done. There are still a few buildings and towers which have to be restored. Out of the surplus in hand at least one-half will have to be retained for temple purposes. Rupees 6,000 can be made available for the Muzrai General Fund.

9. The temple income can only bear a charge of 3½% as contribution for the Muzrai Establishment Fund. From the date the new revision comes into effect the contribution paid to the Taluk Muzrai clerk will cease.

No. 1741-43—MUZ. 43-18-2, DATED 11TH JANUARY 1919.

**REVISION OF THE SCALE OF EXPENDITURE OF SRI SUBRAMANYASWAMI
TEMPLE AT GHATI, DODBALLAPUR TALUK. BANGALORE DISTRICT.**

The present scale of expenditure at a cost of Rs. 680-12-0 (establishment Rs. 396, Nityakatte Rs. 120 and Hetchukatte Rs. 164-12-0) was fixed in 1900 and slightly modified in 1903 and 1906. In this a provision of Rs. 120 is made for Pushtya Sudha Shashti Jatra expenses. As the cattle fair attached to the jatra has grown and assumed greater importance, the expenditure both for the jatra and the management of the fair increased and an average cost of about Rs. 1,450 over and above the sanctioned scale was incurred every year towards this, bringing the total expenditure incurred to about Rs. 2,150.

2. The proposed scale is framed to meet the present needs and provides for all reasonable expenditure based on the average for the past six years.

3. From the statement of receipts appended it may be seen that the total average income of the temple from all sources comes to not less than Rs. 5,000 a year. Deducting 25 per cent for reserve funds, about Rs. 3,750 is available for expenditure. The revised scale now proposed is for Rs. 2,736 per year and is distributed as follows:—

Establishment.—The temple is situated in an out-of-the-way place and it is difficult to get servants to attend to the needs of the temple except on adequate remuneration. The pay of the present establishment has, therefore, been increased and Parpathegar, one of the necessary Brahman and Sudra servants added. The cost under this head as per proposed scale is Rs. 960 per annum.

Nityakatte.—There is no material change under this head, except, that charges at increased rates for articles required are provided to meet the current high prices of articles and that an additional seer of rice is given for daily Naivedya. The total Nityakatte charges as per proposed scale is Rs. 291-12-0.

Hetchukatte.—An extra provision of Rs. 1,200 has been made under this head to meet the recurring jatra expenses, the details of which are shown in the comparative statement.

4. Statements showing the details of receipts and expenditure are also appended.

No. 1820-22—Muz. 48-18-2, DATED 18TH JANUARY 1919.

5. The surplus at the credit of the temple was Rs. 14,250-11-3 (Uninvested Rs. 7,250-11-3 and Invested Rs. 7,000) at the beginning of July 1917 which is proposed to be utilized for constructing some additional accommodation during jatra. This is not by any means urgent and may well wait. Out of the surplus now available a sum of Rs. 10,000 can well be made available for incorporation in the General Muzrai Fund which will be this temple's contribution to its less fortunate sister institutions.

6. The temple income can well bear a deduction of 6½ per cent on the annual income towards the Muzrai Establishment Fund. Out of the amount a clerk on Rs. 15—1—20 will be entertained in the taluk for the Muzrai work whose special duty it will be to keep the accounts of the temple and act as Parpathegar for purposes of helping Dharmadarsis. His travelling allowance to and from will be borne from the temple contingencies. The Muzrai work of the taluk is very light except on the occasion of the Ghati jatra.

Government Proceedings No. 110-11—Muz. F. 126-09-5, dated 12th July 1911, sanctioning a scale of remuneration for the servants of Sri Venkataramanaswami temple at Guttahalli, Bowringpet Taluk.

Letter No. 1118, dated 19th November 1918, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for a revised scale of expenditure in the above temple together with his explanatory memo thereon.

(Vide printed memo and scale attached.)

Order No. 1997-99—Muz. 301-18-2, dated 25th January 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction thereto.

The questions of levying contribution on the income of the institution towards the Muzrai Establishment Fund, and of reserving a portion of the surplus funds towards the General Muzrai Fund will be considered later and orders issued in due course.

PROPOSALS FOR FIXING A SCALE OF EXPENDITURE IN THE SRI
VENKATARAMANASWAMI TEMPLE AT GUTTAHALLI, BOWRINGPET TALUK.

The Sri Venkataramanaswami temple at Guttahalli is a Muzrai Institution in receipt of a cash grant of Rs. 18-8-0 a year, but has a very large income from Kanike and fees.

2. The circumstances under which the temple came to be under the management of Government are detailed in the Order No. 110-11—M. F. 126-09-5, dated 12th July 1911.

3. I visited the institution and discussed the requirements with the temple servants, Dharmadarsis and other devotees. At present the temple servants are paid by a percentage charge on collections and this seems to be a convenient arrangement seeing that the income is almost wholly made up of fees for services and the presence and co-operation of the various temple servants are required for the purpose.

4. The present system, however, of management by the deputation of a taluk clerk for all special occasions and leaving the affairs in the hands of the temple servants on the remaining days, does not seem to be satisfactory. Further it takes away a responsible clerk or clerks on as many as 6 occasions in the year. I think it would be better to have a Parpathegar on the spot who may be entrusted with the duty of collecting fees, receipt books serially numbered and signed by the Taluk Amildar being left with him for issue to the devotees. The receipts should be in triplicate and written with the aid of carbon sheets.

No. 1997-99—Muz. 301-18-2, DATED 25TH JANUARY 1919.

I. Establishment.

5. For reasons explained above, a Parpathegar on Rs. 8 is provided for and the appointment will be temporary for two years in the first instance to see how far the present change works to the advantage of the temple.

6. The Archak and the Mantrapushpa barawardar are willing to commute the percentage payment into one of fixed salaries. Calculating on the average income they have derived during the previous five years, a pay of Rs. 8 and Rs. 4 with a rice allowance of half a seer each has been fixed.

7. Some of the devotees are anxious to raise the status of the institution to one of Tirtha Parigraha which would make it necessary to entertain additionally two more Brahman servants, viz. a Paricharak and an Adhyapaka. The temple can well bear the additional expenditure which would come to about Rs. 15 a month. An enquiry will be made in this direction.

8. The increase in the percentage contribution payable to the Dhobis out of Utsava Kanike has been raised from 2 to 5 per cent as recommended in the Deputy Commissioner's letter Reference O. C. 567, dated 1st September 1917.

II. Nityakatlē.

9. The allotment for Nityakatlē expenditure has also been proportionately raised to provide for suitable quantity of Neivedya being offered to the deity both in the morning and night and distributed among the temple servants, as detailed in the statement.

III. Hetchukatlē.

10. Slight increases under all the items of Hetchukatlē expenditure have been given as the amounts now fixed for several Utsavas are very small.

11. For feeding of Brahmans on Rathotsava day a sum of Rs. 45 has been provided for. This should be utilized only when Sevarthakatlē Santarpane is not conducted.

12. As under the present arrangement the taluk establishment has to go to Gutta-halli only during Rathotsava, a sum of Rs. 50 has been fixed for the allowances payable to Taluk, Police and Sanitary staff according to a tariff scale fixed in connection with temples similarly situated.

13. The temple had a sum of Rs. 7,801-14-0 (uninvested Rs. 1,301-14-0 and invested Rs. 6,500) at its credit on 30th June 1917. During the last few years a large amount of repairs and original construction has been undertaken and some amount of repairs has yet to be undertaken. A sum of Rs. 3,000 may be reserved for the purpose and the balance may be made available for purposes of General Muzrai Fund.

14. There will be a recurring surplus of over Rs. 1,000 and the temple can well bear a contribution of 6½ per cent for the Establishment Fund.

Procession of Sri Sakaleswaraswamy at Mandya.

GENERAL AND REVENUE DEPARTMENTS

READ—

Petition registered No. 679, dated 19th September 1913, from Anantarama Jois and other-Smartha residents of Mandya, appealing against the Deputy Commissioner's order prohibiting the issue of a license for the procession of Sri Sakaleswaraswami in front of Sri Janardanaswami temple at Mandya.

Correspondence ending with letter No. 122, dated 24th September 1915, from the Deputy Commissioner, Mysore, District, submitting the records of enquiry.

Letter No. 2, dated 3rd July 1918, from the Palace Controller, Mysore, reporting as to the practice prevailing in Mysore City with regard to processions of Vishnu and Siva temples.

Order No. 2102—Muz. 165-13-13, dated 30th January 1919.

The case was finally heard on 2nd March 1917, both the appellant and the respondents being represented by Counsel.

The main points for decision in this case and the observations of Government thereon are:—

(1) What is the mamool relating to the Utsavams of Sri Sakaleswaraswami temple? The temple though founded years previously had yet no Utsava Murti till 1862, when one was made available for use by a devotee. Since the latter date the Smartha community have been making representations with the very purpose of creating and establishing a mamool and in the face of this circumstance it would be a futile attempt to look for an existing mamool. There is thus no mamool.

(2) Is the street in which the Sri Janardanaswami temple is situated and through which the Utsavamurti of Sri Sakaleswaraswami is proposed to be taken in Utsava a public or a private one? The fact that the road is maintained and looked after by the Town Municipality is sufficient indication that the street is a public and not a private one. The road is not closed to the general public and as such the inference can only be that it is not, in any sense, a private one. As such it is not open to the Sri Vaishnava community to object to the Utsava being conducted along this street.

(3) Is it mamool to prohibit a Saivite Utsavam from passing through a public street in which a Vaishnavite temple is situated and in front of the latter or *vice versa*? The consensus of opinion expressed by those versed in Agamic lore is that there should be no "Bimbadarshana" i. e., that the images of two deities should not be brought *vis-a-vis* with one another. So long as this contingency is, or can be, avoided, there can be no such prohibition as that in question. This contingency can be, and is, really avoided in many ways. One way in which it is usually done is to draw across a parda in front of the Sanctum Sanctorum (Garbhagudi) of the temple during the period that an Utsava is passing in front of it. This is helped by another obstruction of a permanent nature, *viz.*, the Garudakhamba. In every day practice this is the solution to the problem and the accepted practice in vogue in Mysore City. Situated within the Fort in this city are well known and very important temples, both Saivite and Vaishnavite and Utsavams of their Utsava Murthis take place several times during the course of a year. By the very nature of their location it is absolutely necessary for one procession to pass in front of two or more temples which are not necessarily of the same persuasion. And this has happened for years and no trouble would appear to have been experienced at any time. The local objections to the procession passing in front of their temples does not therefore appear to be either reasonable or justifiable.

(4) In these circumstances, Government are of opinion that the contention of the Sri Vaishnavas is untenable, and that the Utsavam proposed may be permitted, necessary precautions to prevent apprehended breaches of peace being taken by the local Magistracy and the Police, should circumstances indicate or require it.

PUBLIC WORKS DEPARTMENT.

READ—

- (1) Government Order No. 765-813—Edn. 400-13-1, dated 22nd October 1914, sanctioning a general scheme for the grant of foreign scholarships.
- (2) Note No. C. P. S. 138, dated 23rd September 1918, by the Public Works Secretary on the scheme for training officers and graduates in foreign countries for responsible posts in the Electrical Department.

Order No. C. P. S. 23-9—29 E., dated 11th January 1919.

Government have had under consideration for some time the question of training a sufficient number of local officers in foreign countries for responsible posts in the Electrical Department. There are at present only eight officers in the Department who have undergone such training in England and America. But the number is insufficient, as there are seventeen responsible posts which should be filled by men who have received a thorough training abroad. Moreover, new Hydro-Electric schemes are under investigation. When they are launched and officers are deputed on such schemes, others will be required to replace those withdrawn from the existing small number of trained men.

2. To meet the present and prospective demands, the Chief Electrical Engineer has formulated a scheme, the object of which is to secure for the Electrical Department, ten additional competent men thoroughly equipped in up-to-date methods, six of whom will be officers selected from among the existing staff for undergoing complete practical training and four graduates.

3. In the case of officers to be sent on deputation to foreign countries, selection will be confined to men who are below thirty-five years of age and whose general ability is such as to enable them to benefit by the training received. Their training will extend over a period of two years.

4. The student scholarships will be thrown open alike to graduates in Arts whose optional subject is Mathematics or Physical Science and graduates in Engineering who have taken up Electrical or Mechanical Engineering. The period of scholarship in their case will be limited to four years, one year for post graduate and three years for practical course in a foreign country. The candidates will be selected by a Committee composed of the Public Works Secretary, the Chief Electrical Engineer, the Professor of Physics in the Central College and the Principal, College of Engineering.

5. The scheme, which has been worked out in detail, is eminently practical and useful, and Government are pleased to accord sanction to its adoption.

6. The terms and conditions under which officers and graduates will be selected for foreign training are printed as an annexure to this order (Appendix A).

7. The total cost of training the requisite number of men is estimated at Rs. 1,30,000 or Rs. 18,600 roughly per year on an average, *vide* details given in Appendix B. The amount required to meet the cost every year, according to the schedule prepared by the Chief Electrical Engineer, should be provided in the Cauvery Power Scheme Budget.

No. C. P. S. 23-9—29 E., DATED 11TH JANUARY 1919.

8. A report on the working of the scheme should be submitted by the Chief Electrical Engineer on 1st July every year.

No. C. P. S. 23-9—29 E., DATED 11TH JANUARY 1919.

APPENDIX A.

Terms and conditions under which officers of the Electrical Department and graduates in Arts and in Engineering will be selected for undergoing Electrical training in foreign countries.

1. Six officers will be selected in turn by the Chief Electrical Engineer from among the staff of the Electrical Department. Each officer should undergo two years' training in America in manufacturing firms and in developing power schemes.

2. Selection will be confined to men who are below thirty-five years of age and whose general ability is such as to enable them to benefit by the training they will receive.

3. In the case of selected officers whose pay is Rs. 250 or above, a deputation allowance will be granted in addition to their pay, together with a "separation allowance" of one-tenth of their pay. But those, whose pay is less than Rs. 250 per mensem, will be given a scholarship of £200 (Rs. 3,000) per annum in addition to the voyage and other expenses.

4. If the quarterly reports on their work, received from the Workshop or firm in which the officer is undergoing training, show that he has not done satisfactorily, he will be recalled immediately.

STUDENT SCHOLARSHIPS.

5. Four scholarships will be thrown open alike to graduates in Arts whose optional subject is Mathematics or Physical Science and Graduates in Engineering who have taken up Electrical or Mechanical Engineering.

6. The scholarships will be tenable for four years, viz., one year for post graduate and three years for practical course in foreign countries.

7. The value of each scholarship will be £200 per annum (or Rs. 3,000) in addition to the voyage and other expenses as shown in the schedule (Appendix B).

8. The candidates will be selected by a Committee composed of the Public Works Secretary, the Chief Electrical Engineer, the Professor of Physics in the Central College and the Principal, College of Engineering, Bangalore.

9. The Technical University in which the graduates should first study preparatory to practical training, will be selected by the Chief Electrical Engineer in consultation with the Public Works Secretary.

10. The continuance of the scholarship will depend on the nature of the reports received from the Institutions to which they are attached. Should two half-yearly reports received be unfavourable, the candidates would be liable to be recalled, and in this case their return voyage expenses would be paid.

11. Before the candidates are allowed to go abroad, they should sign an agreement in the prescribed form (Appendix C).

12. The conditions to be fulfilled by graduates applying for scholarships under these rules are:—

- (1) that they must be Mysoreans by birth or domicile;
- (2) that they should not be less than twenty or more than twenty-five years of age;
- (3) that they should produce certificates of character and respectability from a Mysore Gazetted officer;
- (4) that they should be passed by a Medical Board;
- (5) that they should produce from their parents or guardians letters authorising them to proceed to foreign countries; and
- (6) that they should bind themselves to serve the Mysore Government if called upon to do so, for a period of not less than five years after they are declared to have completed their training, or to refund the amount spent on their account, in case they decline to take up service.

COVENANT.

Foreign Scholarships.

An agreement made the _____ day of 19____, between A B
hereinafter called the State Electrical Department
Scholarship-holder of the one part, and the Government of His Highness the Maharaja of
Mysore, hereinafter called the Government of the other part.

Witnesseth.

That in consideration of the Government granting a State Scholarship of £200 per annum, for a term of four years to the State Electrical Department Scholarship-holder under the rules contained in the annexure to the Government Proceedings No. C. P. S. 23-9-29 E., dated 11th January 1919, regarding the scheme for the grant of foreign scholarships, he, the said scholarship-holder, covenants with the Government.

(1) That he shall accept and be bound by all the conditions specified in the annexure to the said Government Proceedings.

(2) That he shall prosecute his study and complete his practical course in such institutions as may be selected for him for the said purpose with all due diligence.

(3) That on the completion of such study and practical course he shall return to the Mysore State, and if and when called upon to do so, serve the Government for a period of not less than five years on such salary as Government may in their sole discretion fix, provided that if within six months after his return to Bangalore, Government do not find employment for him they shall be deemed to have waived their right to claim his services as aforesaid and the scholarship-holder shall, thereafter, be at liberty to seek employment elsewhere.

(4) That in case he fails to fulfil any of the conditions herein set forth or specified in the aforesaid rules, he shall refund to Government the amount received by him as scholarship, passage money or for any other purpose connected with his study and practical course with such interest not exceeding 5 per cent per annum as Government may at their option fix and demand.

In witness thereof, he has this day set his hand and seal the day and year above mentioned.
